G.A.S. Summer - Fall Newsletter 2017: MESSAGE from the PRESIDENT & the EDITOR

Here we are coming up on another Oktoberfest after a year of beautiful parties put together by our wonderful Heidi and her ever present helpers. Heidi is in everyone's thoughts and prayers as she has been going through chemo since last July. We are all in awe of her for being such a tenacious fighter – go Heidi! – and not to forget Willie here, who is carrying a huge burden worrying and supporting Heidi.

Bill and I have just returned from a fabulous trip throughout Germany. It showed us again how beautiful our old Marianna Roberts home is absolutely everywhere. We visited family and many friends and spent time with Rolf from our fabulous

band. They are all ready to come and entertain us again. It will be the 14th year that we are hosting the guys - which is always a lot of fun. I want to thank Wendel for always being there and taking over when I am gone. Bill and I have spent our summers in Mammoth Lakes for the last few years hiking and back packing. We will be back in time to welcome the band.

Please take a look at our calendar of the upcoming events, as the SUMMERFEST is just around the corner – our pre-curser to the Oktoberfest. Make sure to sign up to help out before, during and after the Summer and Oktoberfest, as many hands are needed to make this fabulous festivals a success. Warm greetings, Marianna

(Heidi wrote this in one of her Anniversary flyers and it should be in every newsletter for new members to read)

52 years ago, eleven daring citizens agreed to improve the social life of San Diego by founding a society with the goals of offering German Gemütlichkeit, companionship and friendship. After numerous meetings at each other's homes, the day had come: The ship was launched at the first board meeting at Turner Hall on May 8th 1965 (our present club). Every year, and especially at this time, we would like to recap the dreams, goals and achievements of the German American Societies of San Diego as we celebrate its 52nd Anniversary! One of our primary concerns has always been to protect, and continue in practice, our "German cultural heritage" in language, music and special performances to foster international understanding amongst the diversity of all the people in the world, and in simply savoring the good times surrounded by friends.

Editor's Message:

Some years ago a dear friend sent me the following statement. I kept it for a later date to read, which I just did, and must realize how true this story is. Read it very slowly, my dear younger friends, because YOU will also someday feel how fast the Winter will hit you by surprise and how valuable time really is!

AND THEN IT IS WINTER...

You know... Time has a way of moving quickly and catching you unaware of the passing years. It seems just yesterday that I was young, just married and embarking on my new life with my mate. Yet in a way, it seems like eons ago, and I wonder where all the years went. I know that I lived them all. I have glimpses of how it was back then and of all my hopes and dreams.

Editor Heidi Williams

But, here it is... The winter of my life and it catches me by surprise... How did I get here so fast? Where did the years go and where did my youth go? I remember well seeing older people through the years and thinking that those older people were years away from me and that winter was so far off that I could not fathom it or imagine fully what it would be like.

But, here it is... my friends are retired and getting grey... they move slower and I see an older person now. Some are in better and some worse shape than I... but, I see the great change... Not like the ones that I remember who were young and vibrant... but, like I, their age is beginning to show and we are now those older folks that we used to see and never thought we'd be. Each day now, I find that just taking a nap is not a treat anymore... it's mandatory!

And so... now I enter into this new season of my life unprepared for all the aches and pains and the loss of strength and ability to go and do things that I wish I had done but never did!! But, at least I know, that though the winter has come, and I'm not sure how long it will last... this I know, that when it's over on this earth... it's over. A new adventure will begin!

Yes, I have regrets. There are things I wish I hadn't done... things I should have done, but indeed, there are many things I'm happy to have done. It's all in a lifetime.

So, if you're not in your winter yet... let me remind you, that it will be here faster than you think. So, whatever you would like to accomplish in your life please do it quickly! Don't put things off too long!! Life goes by quickly. So, do what you can today, as you can never be sure whether this is your winter or not! You have no promise that you will see all the seasons of your life... so, live for today and say all the things that you want your loved ones to remember... and hope that they appreciate and love you for all the things that you have done for them in all the years past!!

"Life" is a gift to you. The way you live your life is your gift to those who come after. Make it a fantastic one. LIVE IT WELL! ENJOY TODAY! DO SOMETHING FUN! BE HAPPY! HAVE A GREAT DAY! Remember "It is health that is real wealth and not pieces of gold and silver".

LASTLY, CONSIDER THE FOLLOWING:

TODAY IS THE OLDEST YOU'VE EVER BEEN, YET THE YOUNGEST YOU'LL EVER BE, SO - ENJOY THIS DAY WHILE IT LASTS.

The latest rave reviews followed the Bluebirds' musical contributions to the GAMGA Galas 2002 - 2016 in the Plaza Hotel, Palace Station, Texas Station and Tuscany Suites in Las Vegas, the 100th Anniversary of the German-American League Gala at the Phoenix Club in Anaheim, and virtually everywhere they play their unique variety of music. The Guggenbach Buam Our Oktoberfest Band for 17 years

On the right:

2017: This year, The Guggenbach Buam from Germany will once again be our Oktoberfest Band, but sadly without Reinhold. Everyone will miss him!!!

On the left: For Reinhold Schulz, in 2016 it was the last time he could come to be with us.

We are shocked and so sad that he lost the fight with cancer!

It is with great sadness that we share with you the news that Reinhold Schultz, of the Guggenbach-Buam band, passed away in his hometown in Germany. Reinhold was one of the original members of the band which has entertained one and all at Oktoberfest for many years now, one-time manager of the group, he played keyboards, accordion, and sang. He'd been ill for the last few years; in fact, was unable to come to Oktoberfest in 2015, but we were lucky that he was able to join us again in 2016. His smile, happy personality, cow-hide clogs, and cigars on the last Sunday of the Fest will be missed incredibly.

In 2017 Express celebrates 32 years together

The Express is known for their musical diversity. Swing, Cajun, American Country, Classic Rock and Popular Standards are all on the song list. Different dance styles include Swing, Tango, Cha-Cha, Rumba, Mambo, Lambada, Line dance and much more!

Whether it's a wedding, anniversary, birthday, or an extra special dance party. Express is the ultimate dance band guaranteed to please all ages at your event.

Express is the main attraction at many Oktoberfests, German, American and Multi-Cultural club functions throughout Southern California.

BAND BIO

The Express formed in 1985. Based in California the original members were Reinhold Reiter (keys), Jim Mackin (drums), E.B. Jensen (guitar), Kuki Bahl (sax) and John Nikitscher (trumpet). Their debut performance was at the Phoenix Club in Anaheim formerly located where the Honda Center (previously The Arrowhead Pond) now resides. John the trumpet player had come to the United States with a German band to play at the Alpine Village in Torrance California and ultimately became one of the founding members of Express.

In 1987 John retired from the band. The band continued on as a four piece band for about a year until it added Lucky Roth, a second sax player and vocalist to the band. Lucky was an accomplished sax player with a powerful voice and he knew the German lyrics to almost any American standard. Lucky stayed with the band for about a year before Jurgen Schwarze, a very talented horn player and vocalist, joined the group. The year was 1989 and Jurgen has been with the band ever since.

The Express continued to play throughout Southern California and occasionally out of state, but Kuki, the lead vocalist and sax player, started to experience problems with his health. In 2004, as Kuki's health continued to decline, a decision was made to add a sixth man to the band. Jens Ove Jensen was brought into the band. He plays keyboards, guitar and bass but bass guitarist and vocalist has been his job in the band. Kuki Bahl unfortunately passed away in 2005.

Express continues as a five piece band with 3 founding members. The last member joined in 2004 and prior to that, the next most recent member joined in 1989. Love of music is the bond that holds the band together. The playlist is immense and the diversity of styles keeps the Express busy playing for people who love to dance, party and have a good time.

OKTOBERFEST

The Latest on Oktoberfest 2017

Just a reminder that Oktoberfest will be here before you know it, so get ready! Nicole is already filling in the volunteer schedule, Frank and I have ordered the beer (some new ones are being sampled!), Lisa, Heidi, and Lana are placing food and supply orders, and we're working on some of the changes that we anticipate will make our lines shorter and faster to get through! Tell your friends to come on out, to take the trolley to the El Cajon Transit Center, then jump on the free hourly shuttle bus to and from Oktoberfest! Let them

know it's OK to bring credit cards, they can use them to buy entry, food, and beer coupons – even at the entrance! We'll be getting our raffle tickets soon, in time for them to be available at our Sommerfest! Remember, a \$1 ticket could be a winner for many daily door prizes, or the Grand Prize of a Round Trip ticket for TWO to Germany! That drawing will be held at 8:00 PM on October 8, and I'm hoping we can post it LIVE on Facebook! Speaking of the raffle, our committee is actively seeking raffle prizes. If you own a business, or frequent one, or know someone who owns a business that would like to donate a gift, gift basket, or gift certificate, and get all the fame and recognition that a donation to Oktoberfest brings, please let us know!

Get out your calendar or your cell phone, and make a note of the dates and times:

September 29, 30, and October 1 and October 6, 7, and 8
Fridays from 4:00 to 10:00 PM
Saturdays from Noon to 10:00 PM

Dr. Martin Luther 2017

500 years since the Reformation

Martin Luther's life and work: mixing rebellion with the spirit of his time

His was a full life, active and combative, full of conflicts and victories, restless and without peace, because Luther was a rebel and a church reformer, a thinker and a man of action, ahead of his time yet rooted in the Middle Ages.

He was born on 10 November 1483 in the small town of Eisleben, but spent his child-hood and youth in nearby Mansfeld. The success of his father's business endeavors made it possible for him to receive a good education and in 1501 he enrolled at the University of Erfurt.

According to legend, his life took a decisive turn during a violent thunderstorm when fear prompted him to vow to become a monk if he survived. Just two weeks later, on 17 July, 1505, he joined a closed Augustinian monastery in Erfurt where he studied theology before being ordained as a priest in 1507. At that time, the selling of indulgences was a flourishing business and even as a young professor Luther criticized this unholy practice of buying salvation for money.

Finally, on 31 October, 1517, he nailed his famous 95 theses about the subject to the door of the Castle Church in Wittenberg. To his great surprise, word soon spread among the population – and quickly reached even Rome. In 1518, the Roman Catholic Church charged Martin Luther with heresy. Although the hearing was planned to take place in Rome, Frederick the Wise, the Elector of Saxony, insisted it be moved to Augsburg and it ended with Luther fleeting at night, having refused to recant his theses. The Pope then lost patience and threatened to banish Luther from the Church before finally excommunicating him.

Luther was to have another opportunity to recant at the Diet of Worms, where the crowd greeted him with cheers, but he stood his ground and then went into hiding, initially at Wartburg Castle near Eisenach. On 13 June, 1525, Martin Luther married Katharina von Bora, a former nun. He and his huge household – the Luthers had six children of their own – lived in the former Augustinian monastery with foster children, relatives, servants and students. In 1546, Luther was summoned to resolve an inheritance dispute in Eisleben, the town where he was born and where his life also ended. He died on 18 February and three days later he was laid to rest in Wittenberg – in the very church where he had nailed his fateful theses almost three decades earlier.

2017 is a historic year

with the celebration of the 500 year of Reformation and Luther's posting of the 95 theses on the door of the Wittenberg castle church

"In the beginning was the Word", we are told in the Gospel of St. John. If this is the case, then the beginning of the Reformation was a thesis, or more precisely 95 theses. It was these that Martin Luther nailed to the door of the castle church in Wittenberg on 31 October 1517 to protest against the sale of indulgenceslucrative practice by which the church offered absolution from sins in exchange for money.

WE CHALLENGE EVERY AMERICAN OF GERMAN DESCENT TO GIVE ONE DOLLAR OR MORE TO FUND THIS PROGRAM

Germans have been immigrating in significant numbers to the U.S. since the 1680s, when they settled in New York and Pennsylvania. The bulk of German immigrants arrived in the mid- 19th century; they've been the nation's predominant ethnic group since at least the 1980 census. A lot of people aren't aware that German is the largest ancestral group in the country.

Statistically speaking, 46 millions Americans-14% of our country's population-identify as being of German ancestry...one of the largest ancestry groups in the US.

Germany has had a huge influence on many quintessential "American" traditions and icons; such as beer, the tuba, hot dogs and hamburgers, the Christmas Tree and even, the Easter Bunny. They say that Walt Disney's inspiration for creating the Magic Kingdom on the German castle, Neuschwanstein.

In all seriousness, our education system from kindergarten (a german word) through university was and is heavily influenced by German immigrants in the mid 1800's. Further, German immigrants were instrumental in organizing and promoting weekend recreational activities and outings, including recreational areas, community centers, playgrounds, bandstands, concert halls, bowling alleys, picnic areas, etc. Many German immigrants and decedents were 20th century's great captains of industry and finance, such as; Astor, Boeing, Chrysler, Firestone, Fleischman, Guggenheim, Heinz, Hershey, Kaiser, Rockefeller, Steinway, Strauss (of blue jeans fame), Singer (originally Reisinger), and Weyerhaueser, to name a few.

Early German settlements in the US where mostly in the Midwest/midlands areas, such near Cleveland, Chicago, Milwaukee, etc...hence the predominance of beer drinkers in the Midwest now!! However, in early days of settlements (1700's) they were best known for being disciplined, religious, thrifty, and sober! They were renowned for their craftsmanship, for instance, they invented the covered wagon which was not only a practical means of transportation but also became a true American symbol for the westward migration of the US. Also in the 1700's, the German immigrants, who were morally apposed to slavery, were the first group to officially condemn it siting that it violated the Golden Rule.

2017 G.A.S. Summer-Fall Newsletter / Club Undergroup: Germania Choir Concert

G.A.S. Germania Choir

Frauke Kuo Choir Chairperson

Our statement: We are a group of singers who are dedicated to our German heritage and tradition through our love of music and singing. Except in the summer we meet every Tuesday at 7:30pm to practice and "socialize."

Dear Members.

On behalf of the Germania Choir, I would like to extend my sincerest gratitude for your friendship and support of the choir. Our 2017 spring concert was a great success. The hall was filled to the rafters with you, our enthusiastic audience. Your participation and our singing put everyone in a happy Spring mood for this time of the year. The hall decorations always add to the welcoming and

homey atmosphere. We are so lucky to have so many devoted volunteers who make this old hall shine, no matter what the season.

We couldn't do our concerts without our dedicated director and pianist, and without your encouragement and applause the afternoons would not be the exciting events we all together create them to be. We are looking forward to singing for you, and with you, again this coming Dec. 12 at 6 pm at our 2017 Christmas concert. As I said, thank you for your support, your friendship, and your enthusiastic attendance at our events. There are very few real German traditions we can still keep alive. At least we have our music to remind us of our homeland, childhoods, and memories of time gone by. Hugs to all of you from your GERMANIA CHOIR.

ARE YOU INTERESTED IN JOINING THE GERMANIA CHOIR?

The Germania Choir had its start in 1971 with a group of members from the German American Societies that met weekly for singing and music making. It didn't take long before the choir was created. Today the choir consists of 20 to 30 German-speaking singers performing German classical, modern, and Volkslieder music for the enjoyment of all. The members of the Germania Choir often wear traditional German folk costumes and perform to the enjoyment of everyone several concerts each year

Our next Choir Concert
will be

Club Undergroup: Karneval

With the passing of Ash Wednesday, the club's Karneval events have come to an end and Karnevalisten are given a chance to catch their breath, attend to long deferred chores at home, reflect on the past season, and of course, begin planning for the next. While the visibility of Karneval recedes during this period, the group does not disappear. Maintaining cohesiveness, the group meets monthly to socialize, recognize birthdays, and exchange information.

As has been the tradition for several years, the group once more provided a fund raising dinner at the club's general membership meeting in May. This year, the dinner featured *Chicken Provencal* prepared under the leadership of Elferrats-Präsident Karl Becker, a fine meal especially when augmented with one of the club's German beers on tap.

Also in May, the annual "Elferrat Campout" was held in the East County mountains hosted by Elferrat member John Mitchell and his family at their hide-away 10 miles south east of Alpine. Nestled below the surrounding hills, forested with native oak and offering a small reservoir, the spot offers an idyllic camping location. Members immerse themselves in the camping experience to various degrees; some making it a full weekend under the stars while others just coming up for a day. Afternoons are spent boating or fishing, hiking through the back country or just sunning one's self and enjoying a drink with friends. Saturday night, the Elferrat test their grilling skills as the Hofstaat pulls together the accompaniments that make a camping dinner complete. The evening is concluded with a grand campfire, marshmallows, and tales that grow taller and more fantastic with each drink consumed.

Finally, in late July, Karneval members led by Joel Contreras took on the task of touching up the office house. The recent removal of shrubbery had exposed the south wall as in need of some attention. Seeing a way to help put our grounds in order before the club's outdoor events (Sommerfest and Oktoberfest), Karneval members volunteered to take on the task over two weekends. On the first weekend, the wall was prepared with scrapers and a power wash. Then, after giving the wall a week to dry out, the group was back with brushes and rollers in hand to make quick work of the needed touchup. As is the case in every gathering of this undergroup, the work at hand did not diminish the fun and laughter that comes with a gathering of friends.

With a new Karneval season only 3 months away, we encourage those of you with an interest in playful evenings, foolish merriment, comradery or simply enjoying a good time to consider joining the group and participating at whatever level of involvement suites you. Talk to a member and learn more. We will be at Sommerfest manning our information table and at Oktoberfest everywhere but especially at the Kartoffelpuffer (potato pancake) window.

<u>Last Day of School — German Pacific School San Diego Sommerfest</u> - at German American Societies of S D Inc.

It is hard to believe that Summers almost here! The school year flew by so fast! Here are some pictures from our Sommerfest. This year we met at the German American Societies of San Diego in El Cajon. We would like to thank Heidi Williams and her team for being such wonderful hosts! Everything was well prepared for us. The most delicious potato salad had been made the night before. There were Wiener Würstchen and Sauerkraut. And later everyone enjoyed Apple Strudel and whipped cream. It was very "gemuetlich"!!!

But first the students received their report cards and different awards: for reading and writing contests, the A1 and A2 exams, the National German Exam, and the German Language Diploma DSD1 and 2. Congratulations to our 7 DSD2 students: All of them passed this highest and most challenging exam!!! This comes in handy when they apply at universities in Germany and need proof of their German language proficiency.

After the ceremony the adults got the chance to sit down and catch up with other German families, while the students played different games or spent the whole time jumping on the big bouncy castle. It was great seeing so many of our families! Now it is time for us to prepare the Summer Camps.

Have a wonderful Summer!

3 Gross Reasons You Shouldn't Wear Shoes in the House

After you read this, you might want to leave your shoes at the door.

How many times have you opened the door after being outside and walked through your house with your shoes on? Hundreds of times? Thousands? If so, here are some very good reasons you might want to take off your shoes.

1. Bacteria

Some bacteria are good for us, some harmful. A study conducted at the <u>University of Arizona</u> examined germs on shoes and found an average of 421,000 bacteria on the outside of shoes, with nine different strains of bacteria. Some of the harmful strains found on shoes included *Escherichia coli*, otherwise known as E coli, which can give you intestinal infections, diarrhea and in rare cases, meningitis; *Klebsiella pneumonia*, which can cause urinary tract infections; and *Serratia ficaria*, which can cause respiratory infections. Yuck.

How do the bacteria get there? "We walk through things like bird droppings, dog waste and germs on public restroom floors, all of which are sources for E coli," says Kelly Reynolds, Ph.D., a microbiologist and professor at University of Arizona. "The unique thing about the shoe environment is that other things you walk on like leaves and debris, can serve as food for the bacteria and help them grow." That means potentially harmful bacteria can survive on your shoes for days or even weeks, Dr. Reynolds says. And that bacteria can be tracked onto your floors and carpets. It's even grosser if you think about resting your shoes on a piece of furniture, or on your bed.

2. Toxins

Another potential concern: toxins. A study by the <u>Battelle Memorial institute</u>, a nonprofit research group found that toxins from treating your lawn can easily be tracked into the house, and a study from <u>Baylor University</u> found that people who live near asphalt roads sealed with coal tar have an increased risk of cancer from toxins. The toxins, they found, settled inside the house as dust particles. Those particles can be brought in on your shoes.

"Think about rain water in the street," says Dr. Reynolds. It can have gasoline in it and chemicals, and those get on your shoes and can be brought into your home." But, she cautions, the exposure to toxins would be long-term, and you would most likely have to be exposed many times over the course of your life in order to get sick.

3. Dirt

"Dirt isn't harmful on its own," says Dr. Reynolds, but you probably want to keep it at a minimum, especially if you have toddler grandchildren who play on the floor. "Kids often put their hands in their mouths, or have toys on the floor and put them in their mouths," she says. One more plus to keeping your shoes at the door: It can cut down on how often you have to clean.

Albert Einstein Academy

Below is the invitation we sent to all German clubs and Schools to join our annual Disco Dance, which was held at the German American Societies on April 29 2017:

"Don't miss participating next year in April for an evening with Music of the 60's, 70's, 80's & 90's. Dress up in Disco Attire or come as you are... German Food and baked goods for sale..."

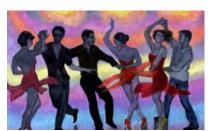

The GCC (German Cultural Club) at Albert Einstein Academies

held their annual Disco at the club on April 29th 2017. Each year for the past 8 years the General Manager Heidi has welcomed us to use the clubhouse hall for an evening of fun, dancing and laughter! Thank you for making it possible, Heidi!

German Cultural Committee (GCC)

The German Cultural Committee is a subcommittee of the fundraising organization Friends of **Albert Einstein Academies.** The role of the GCC is <u>to help strengthen the German academic</u> and cultural programs of AEA.

After consultation with our German teaching staff, the most requested item for helping our students is to maintain the number of German intern teachers here at our school. These young teachers are native speaking student teachers from Europe (Austria, Germany or Switzerland) who come to AEA to experience life in an American school and host family and to assist with German language instruction. Several generous parents provide room, board and transportation for these interns during their extended stay of 5 to 10 months. With the help of intern teachers more differentiated instruction and individualized student attention is possible, which is particularly important to our German immersion program due to the many different language levels in the German immersion classrooms.

Annual Disco Dance Fundraiser at the German American Societies in El Cajon

Over the course of the past years, the GCC has been able to provide more than half of the funding for our German intern teacher program through fundraising events like the popular German after-school classes, the fabulous Father-Daughter Dance, **the Disco event**, as well as bake sales during the choir concerts. In addition to these fundraising events the GCC also funds cultural school events for the AEA community like the Kindergarten Einschulungsfeier (beginning of school celebration). Please consider joining the GCC to support our mission to help strengthen the German academic and cultural programs of **Albert Einstein Academy**.

German School at the club

Come and learn German with us here at the German-American Societies Club House at 1017 South Mollison Ave. in El Cajon. I am Erna Duby and I am teaching the class. I have been a German instructor for a long time.

Many years ago, I even used to substitute in Charlotte Evans" German class here at the club whenever she traveled to Germany. Currently, I am still teaching German at Grossmont College. Many of you already know my face, because I have been coming to the club since it opened its doors. I have danced in the "Prinzen Garde" during Kameval for fifteen years.

So come and join us every Tuesday from 5-7 p.m. and have fun learning German. I am looking

forward to seeing you at the club.

2017 G.A.S. Summer-Fall Newsletter / OBITUARY PAGE:

The German American Societies said GOOD BYE to wonderful members and friends and joined the families in mourning the passing of their loved ones. We also will miss them and say thanks for their support and friendship through the years.....

Arnold KRAUSE Today, I lost a great man in my life: my Father in law, Arnold Krause. But he was Dad to me for almost the last 11 years. He was the kind of person who, if busy, stopped what ever he was doing to help you. If we were out to dinner he always be the first to reach for the check, and if we were having a drink he made sure that your drink was always filled first. When I wanted to pop the question of marriage to his daughter, I first, asked his permission to marry her. This is how much I respected him. He was a man of humor a man of unselfishness, and a man of honor. His family always came first, including me. Thank you so very much Dad for all the great years. I will miss you!

At the German Club, we all can't believe that at our last New Years party we saw Arnold dancing with his wife Käthchen for the last time. They both were the greatest dance talents and enjoyed every event at the club!

<u>Charlotte EVANS</u> was born in Augsburg, Germany on 30 April 1927 and died on 18 April 2017 just two weeks before her 90th birthday. She was both beautiful and talented. She and her husband, Bill were among the eleven founding members of the German-American Societies of San Diego on 8 May 1965.

She grew up during the war years and lived through the destruction of her home in central Augsburg. Every one in her family lived through that time but her brother and father both sustained combat wounds. As a teenager she was conscripted into various jobs by both the Germans and then the Americans. One of her Army supervisors sponsored her American travel visa. She came to California and stayed with her Aunt and Niece in Pacific Beach upon arrival.

Charlotte came to America in 1956 and married her husband, Bill on December 26,1959. They met at work at a computer manufacturing company in La Jolla where she was an electronics assembler and he was an electronic engineer. They were married for 57 years but never had children. She became a naturalized citizen 1961.

She helped organize the first Octoberfest in San Diego in 1965 and choreographed the first Carnival's Prinzengarde dances that have been performed every year since then. She was in charge of cultural and educational events for the German-American Societies for many years starting in 1964. She wrote, directed and staged several plays including Hansl and Gretl which was performed in December 1979 by many of the member's children.

She also selected, negotiated costs, and hired various types of entertainment groups such as: the San Diego Ballet, the Wuppertal Choir, classical singers and instrumentalists, Grupo Folkloric Najar, Jazz Ballet, gymnasts, magicians, Sweet Adolines, etc. She organized and staged several fashion shows one of which included members dogs. She presented the play, "Der Hund im Hirn" performed by members of the club. One of her most popular events was the Manner Ballet during the Carneval in 1975. She had a beautiful singing voice and performed at the club from time-to-time. She taught German language classes one or two evenings each week at the club during the winter months for many years. She also taught German at the University of San Diego High School for several weeks when their regular language teacher had a sudden illness.

She provided free lance tour guide services for bus trips for groups from Germany. The trips included the San Diego and Tijuana areas plus occasional week long trips around the south western United States. She was a member of the Board of Directors of the San Diego Ballet from 1971 to 1975 and as First Vice President in 1974. She performed as the Nurse in their presentations of the Nutcracker and Romeo and Juliet in the San Diego Civic Theater and the Shrine Auditorium in Los Angles for four seasons from 1971 to 1974.

Unfortunately, Charlotte was diagnosed with dementia ten years ago and her health continued to decline until her death. She didn't speak a word for the last four years of her life. She spent her last three years in a small care facility near her home where Bill visited her for a short period every day. Her ashes have been placed in the columbarium at the Miramar National Cemetery since her husband was drafted and had served in the United States Army for two years.

Alfons TROGUS passed away on June 20, 2017 in *San Diego* He was a long time member at the German American Societies and will be missed by many members and friends.

For many years he owned a successful Volkswagen shop and we all remember his friendly smile. After a long time illness in later years Alfons was called home and now is resting in peace. Our condolences to his wife Ingrid and his family.

Gudrun Hoffmeister celebrated her 90th birthday a few years ago as a new Damenkreismember in our club. What a wonderful Fest that was and Gudrun was so proud to show the club to all her friends. Later on she came to almost all festivities at the club and always enjoyed herself. An out of state relative wrote a letter to us that Gudrun passed away. We are happy that we were able to get to know this great lady!

Message: Can we find Volunteers to help at the club throughout the year?!

"Willie's Crew" is getting older and is in need of more and younger help. For years they have met weekly on Tuesdays and Thursdays but could adjust to add a Saturday morning if people on regular jobs can only help on a Saturday and not during the week.

The work load is especially high 2 months before and 1 month after the Oktoberfest, during summer break, in December, also before and after every club event.

Please call Willie on his cell phone: 619-208-1682 or leave a message at 619-445-2549
Thank you very much in advance.
